- 27" LCD display with wide viewing angle
- Crisp 1080p30 video from EagleEye Acoustic camera
- Camera adjusts down to capture objects on table
- Integrated stereo microphones built into camera
- Rich, robust stereo audio tuned for Group Series
- 3.5mm headphone port for privacy
- Integrated cable management for a clutter-free workspace
- Group 310 or 500 mounts behind monitor, then covered to stay hidden away
- Integrated power management to minimize cables
- Table stand included, wall mount optional

Benefits over using a Group 310/500 with a small standalone monitor

- Audio and video optimized for video collaboration
- Slot in back for Group system and integrated cable management for a clean, compact look
- Single vendor for support
- Global availability for enterprise-wide consistency

RealPresence Group Convene Packaging

- Order two individual items to get the solution:
 - Group 310 or 500
 - RealPresence Convene Media dock accessory (and optional wall mount, if desired)
- Assembled by IT in under 10 minutes
 - Streamlined support – if either the Group system or the media dock accessory has a problem, the entire solution doesn't need to be taken out of service
 - Flexibility – customer can select the right Group system for their application, and can add a second monitor if they choose

Thank You
