

Headsets may be connected to the Polycom CX300 IP Phone with or without external amplifiers.

The following Direct Connect 3rd party equipment may be used with the CX300:

GN2020 MONO IP NC OC

NEW! GN2020 Mono, Wideband, Noise Canceling IP OC, Supports a Quick Disconnect termination

GN2025 DUO IP NC OC

NEW! GN2025 Duo, Wideband, Noise Canceling IP OC, Supports a Quick Disconnect Termination

Note that with each headset, you still need a GN1200 Smart Cord to connect the headset you choose to CX300 RJ-9 headset port.

Disclaimer

While Polycom uses reasonable efforts to include accurate and up-to-date information in this document, Polycom makes no warranties or representations as to its accuracy. Polycom assumes no liability or responsibility for any typographical or other errors or omissions in the content of this document.

LIMITATION OF LIABILITY

Polycom and/or its respective suppliers make no representations about the suitability of the information contained in this document for any purpose. Information is provided "as is" without warranty of any kind and is subject to change without notice. The entire risk arising out of its use remains with the recipient. In no event shall Polycom and/or its respective suppliers be liable for any direct, consequential, incidental, special, punitive or other damages whatsoever (including without limitation, damages for loss of business profits, business interruption, or loss of business information), even if Polycom has been advised of the possibility of such damages.

The information contained herein is based in part on publicly available information provided by the manufacturer(s) of the headsets in question. Polycom has not performed comprehensive testing, and does not make any representation or warranty with respect to the headsets in question, nor does Polycom assume any liability with respect to the usage of the headsets in question.
